

The Gospel According to *Gamez*

If you are reading this, you understand personally the reality that “Gospel” means Good News. You also are, as a Daily Disciple, desiring to grow in your faith **and** help all you influence to do the same!

There is a deep hunger in our world for ***tangible, creative and interational fun***. Daily Disciples also know that ***kind and consistent rewards systems*** can provide much needed *encouragement*.

Since 2018 **God is Good Gamez** has been building momentum and trust in the unchurched and churchd alike using the tool of Games and Consistent follow through. The best way to illustrate the impact of our vision is a real life story. Waiting for an event with teen campers to begin I ‘*happened*’ upon a precious and personal gift. ***I played***. Siblings aged 3,5 & 9 needed no cajoling. Serious ‘discipleship skills’ were about to be imparted through the simple vehicle of ***playing a goofy game!***

Modeling to the oldest how to be a hero *in play* to the younger siblings flowed naturally. Explaining how our program works to mom was interrupted by the youngest starting to fuss. Without missing a beat, I switched voice inflection back to the playful inflections, but maintained the ‘grown up’ content. ***Instantly*** the fussing stopped! Trust was seen plainly on that same little face when I was leaving!

Friend, years from now that child will not remember ***one spoken word***, they WILL remember the *experience* of playing, laughing and engaging in trust with a caring adult! When Jesus said, “Let the children come to me!” I assure you it was ***not*** so He could make them act like stuffy boring adults! He wanted to PLAY WITH THEM! Everything Good is God’s Idea. Games.. are.. **GOOD!**

Our passion is to *duplicate and multiply* this experiential story in lives around the world.

Primary Barriers to the viral spreading of this *experience* are FEAR and PERFECTIONISM. Fear says “Don’t try something new, what if I fail?” Perfectionism says “I am too busy to add another *program* to my schedule!” While talking to a fellow event volunteer, I shared the goal of duplication. ***Before*** I could say another word, He said, “I have no time to add anything else to my schedule.”

Jesus, knowing our Fears and Perfectionism, kept it super simple: “Come Follow Me!”

Children and Adults alike are craving consistent, tangible leadership like parched lips to water. Jesus is the *only true* authentic leadership source. Only in learning first to follow Jesus daily *for oneself* is the ability to be a humble and playful leader of others, in doing the same, even possible. Paul was wise to say “*Follow Me as I follow Jesus*”. ***Partake*** first, then ***Promote*** your experience.
